Sandile Mzinyane

DATA ANALYST, APPLICATIONS DEVELOPER

Professional Objective

ICT Applications Development student at Sol Plaatje University with practical experience in Python, Pandas, NumPy, SQL, Excel and exploratory data analysis. Experienced in cleaning and analysing datasets and developing data visualizations. Seeking an entry-level Data Analyst or internship opportunity to apply analytical and technical skills to real-world business problems.

Technical Skills

Programming and Frameworks

- Python – Django, Pandas, NumPy, Matplotlib, Seaborn
- Java – JavaFX, Object-Oriented Programming, GUI Development, JDBC/Database Integration
- HTML | CSS | JavaScript

Data Analysis and Databases

- MySQL – Joins, Aggregations, Window Functions, CTEs
- Microsoft Excel – PivotTables, Lookup Functions, Conditional Formatting, Data Validation, Dashboards
- Microsoft Power BI

Software Engineering Tools

- Git | GitHub | Jira | Prompt Engineering

Academic and Personal Projects

Python World Bank Data Analysis

Developed an end-to-end data pipeline to ingest, preprocess, and explore global socioeconomic metrics using World Bank developmental datasets.

Technical Details

Developed processing scripts in Python using Pandas and NumPy for data cleaning and structuring of time-series datasets. Conducted multivariate Exploratory Data Analysis (EDA) with Matplotlib and Seaborn, identifying global economic growth patterns and correlation trends.

Tools and Methodologies

Python, Jupyter Notebooks, GitHub, Statistical Data Modelling.

MySQL Retail Sales Data Cleaning

Developed an end-to-end relational database cleanup pipeline to transform a raw, unformatted retail transactional dataset into an analytics ready, high integrity data source.

Links

My Professional Portfolio
LinkedIn
GitHub

Utilized STR_TO_DATE() functions to standardize date formats. Implemented UNIQUE constraints to prevent duplicate data entries, protecting business intelligence pipelines.

Tools and Methodologies

MySQL Workbench, Data Standardization, Schema Alteration, Relational Constraints.

Transferable Skills

- Analytical Thinking | Problem Solving | Collaboration | Adaptability | Attention to Detail | Communication Skills

Language Proficiency

- **English** Strong | **IsiZulu** Strong | **Afrikaans** Intermediate | **Setswana** Intermediate

Experience

Assistant Fibre Technician, Coreline Fibre, Johannesburg, Gauteng

Jan 2022 – Nov 2022

- Assisted senior technicians in over 50 fibre installations, including cable prepping, splicing, and termination.
- Maintained detailed project documentation for each installation, which improved reporting accuracy.
- Provided timely feedback and updates to team leaders and schedulers, contributing to on-time project delivery.

Assistant Audio Engineer and Co-Host, TransAfrica Radio, Johannesburg, Gauteng

Jan 2021 – Dec 2021

- Ensured quality audio capture (adhered to television broadcast and streaming standards)
- Set up audio equipment and ensured the correct equipment was used for outside broadcasting.

Education

Diploma in ICT: Applications Development, Sol Plaatje University, Kimberley, Northern Cape

Feb 2024 – Present | Expected Completion Year - 2026

Diploma in Audio Engineering (Coursework), Academy of Sound Engineering, Johannesburg, Gauteng

Feb 2018 – Nov 2020

Certificate in Digital Music Composition and Production, Boston Media House, Johannesburg, Gauteng

Jan 2017 – Dec 2017

National Senior Certificate, Ligbron Academy of Technology, Ermelo, Mpumalanga

2011 – 2015
